## Anti-Aging dR. Nano Derma Diamond Microdermabrasion

Dr. NanoDerma's Diamond Microdermabrasion was created to leave your skin feeling as dazzling as the gem itself. It's natural, non-allergenic and pulverized to half of a micron to exfoliate skin. It has the extraordinary capability of lifting dead skin cells that have accumulated over time and have caused your skin to dull. For that extra special experience we've added Papaya and Pineapple Enzymes for a soft buffed glow.

Supporting Cast: Vitamin E, D-Pathanol and Allantoin. With all natural preservatives there are no dangerous parabens.
